HAVING recently received an extensive stock, and daily adding to it the latest styles of
SPRING GOODS,

Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a fraction above Eastern cost we are prepared to show, and will be most happy to sell the
MOST COMPLETE AND EXTENSIVE STOCK OF
DRY GOODS,
Ever before offered in the West!

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in this State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to
COUNTRY MERCHANTS
who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee

FOR VICE-PRESIDENT,

FOR ELECTORS,
State at Large { EDWARD D. HOLTON. TIMOTHY O. HOWE.

"I REPEAT THAT I NEVER CAN AND NEVER WILL VOTE, AND NO EARTHLY POWER WILL EVER MAKE ME VOTE TO SPREAD SLAVERY OVER TERRITORY WHERE IT DOES NOT EXIST."—HENRY CLAY.

"The freemen of the North have a deep interest in keeping labor free, exclusively free, in the new territories. * * * I have made up my mind, for one, that, UNDER NO CIRCUMSTANCES, WILL I CONSENT TO THE FURTHER EXTENSION OF THE AREA OF SLAVERY IN THE United States, *or to the further increase of Slave representation in the House of Representatives.*"—DANIEL WEBSTER.

"I heartily concur in all movements which have for their object to repair the mischief arising from the violation of good faith in the repeal of the Missouri Compromise. I am opposed to Slavery in the abstract, and upon principles sustained and made habitual by settled conviction. While I feel inflexible in the belief that it ought not to be interfered with where it exists under the shield of State sovereignty, I am as inflexibly opposed to its extension on this continent beyond its present limits."—JOHN C. FREMONT.

The "Sentinel" for the Campaign.

As many persons may be desirous to obtain the *Sentinel* for the Campaign, without ordering it for the full term of a year, we publish the following rates, at which we will send one or more copies of our several editions, from July 15th to December 1st. As the Election occurs Nov. 4th, this ought, in these days of telegraphs, to enable us to give the result in all of the States of the Union except California, in the last number.

DAILY,	$2 50
TRI-WEEKLY,	1 25
WEEKLY,	37½

The above rates for the Daily and Tri-Weekly are somewhat less than our regular terms. For the Weekly *they are* the same as $1 per year. CIRCULATE THE DOCUMENTS.

The K. N. Kansas Bill.

The *News*, speaking of the bill passed by the Know-Nothings and Democrats in the Senate, to give Slavery another chance in Kansas, says:

"*Four* out of the six Black Republicans, who voted in the Senate on the K. N. amendment, voted to exclude from the ballot box those foreigners who had only taken their first naturalization papers. This they did, not only to please their allies, the *K. N.'s*, but also with a hope of defeating the bill."

Eighteen of the Black Democracy voted for this K. N. amendment, and *thirty-two* Democrats and Know Nothings voted for the bill, *as amended*, against ☞ *the united vote* of the Republican Senators. The motive for thus disfranchising foreign born settlers in Kansas is plain enough, and was openly avowed by the *News*.—We again quote what the Washington correspondent of that paper said on the subject:

"The passage, *yesterday morning*, of the Kansas Bill is, however, truly important, that measure being one of an eminently *healing and conciliatory character*. It is the bill of Douglas, framed on the basis of that presented by Mr. Tombe, and amended in minor particulars by Senator Geyer and Adams. The *patriotism* of Democratic Senators, and especially of Hunter and Mason, was conspicuous in *conceding, for the sake of saving the principles of the bill, to the Know Nothings*, the exclusion of foreigners who had merely declared their intentions and were not naturalized, from the right to vote on the character of the local institution of the new State. That concession should *go far to disarm opposition* in the House."

Here is a very frank and explicit avowal that the *Democrats voted for* this K. N. amendment, excluding foreigners from voting, *in order to conciliate Know Nothing support*: and the *News* even praises the "*patriotism*" of those Democratic Senators who thus sacrificed their friends in order to gratify their enemies! The foreigners were "ruled out," the better to enable Slavery to obtain a foot-hold in Kansas; it being well known that every German settler there is for Free State, Free Men and FREMONT!

THE ARGUMENTS OF THE BUCHANAN PRESS.—The tone of the Buchaneer press, during the last few days, betrays their fears. They have abandoned argument and resorted to personal defamation. Col. FREMONT, who has rendered signal services to his country and to mankind, is assailed with all manner of abuse and traduced wantonly and unsparingly. Nay, not content with that, the *News* here publishes a long article, reflecting in the grossest manner upon his *dead parents*, and the Madison *Argus*, not to be outdone, indulges in a coarse and brutal jest at the expense of his wife! We cannot say that this is at all out of character for the champions and apologists of "Border Ruffianism" in Kansas, and of Brooks-ism at Washington. But it is a poor compliment they pay to their readers in supposing that such ribaldry can please their taste, or convince their judgment.

RELIGION AND POLITICS.—CHARLES J. FAULKNER, Chairman of the Democratic Committee, has addressed a circular letter to prominent Democrats in *all parts of the Union*, calling for information of various sorts, with a view to political action. Among the queries he puts is the following:

4. To what *religious denominations* do the German, (French, Dutch, Norwegian or Swedish) voters in your county belong?

The object of the query is palpable. The Catholic voters are to be dosed with documents charging FREMONT with being a Know Nothing; while the Protestant voters are to be plied with K. N. certificates proving that FREMONT is a Catholic. In this way, the K. N. and Democratic Allies propose to help each other and defeat, if they can, their common enemy, FREMONT.

LA CROSSE AND MILWAUKEE R. R.—We note sales at auction in Wall Street of $5000 of the 1st Mortgage bonds of the La Crosse and Milwaukee Rail Road Company at 84¾, and of two or three hundred shares of the stock, at 71a72.

Messrs. Marie and Kanz, in their circular per the *Africa*, dated July 22d, say:

Several lots of the La Crosse and Milwaukee Sinking Fund Mortgage Bonds having been taken for foreign accounts, we shall hereafter quote them regularly.

The stocks and bonds of this road cannot fail to rise in value as the track is pushed Westward. The business for July, usually a dull month, will run up to $50,000.

CANDIDATE FOR CONGRESS.—The Elkhorn *Reporter* expresses its preference for EDWARD D. HOLTON, of Milwaukee, as the Republican candidate *for Congress from this District*. Mr. HOLTON would do honor to the office.

WHAT THE NEWS BELIEVES.—The *News* professes to believe that Col. FREMONT is a K. N., and that "one, at least, in the *Sentinel* office," believes so, too. The *News* is very much mistaken. There is nobody in the *Sentinel* office silly enough to believe so weak an invention.

RATHER AN OLD RECRUIT.—The *News* says that H. S. ORTON, of Dane county, who is for BUCHANAN and Sham Democracy, "was the pride of both the Whig and the Republican parties." Humbug! Mr. ORTON never acted with the Republican party, but has been hand and glove with the BARSTOW Democracy these two years past. Can't the *News* pick up some fresher recruit?

From Our Washington Correspondent.

WASHINGTON, July 21.

After too long delay, the Brooks case has been brought to a termination, a majority of twenty-six members of the House of Representatives pronouncing P. S. Brooks of S. C. unfit to occupy any longer a seat in that body. Though not the constitutional two thirds vote by which alone the decree of expulsion can be carried into execution, the moral effect of such an expression of opinion from a majority of his fellow members, could not be disregarded; and accordingly, immediately after the announcement of the vote, the South Carolina *representative* asked the privilege of a hearing. This being granted—and in my judgment upon no good ground of right or reason, for sentence, be it remembered, had been pronounced upon the culprit—Brooks proceeded to deliver a harangue, which, for insufferable arrogance, and malignant insult to various members of the House, could not well have been surpassed. "Tell the men of the North, says this Southern Cain, that one blow from me would have been followed by revolution, would have deluged these desks with blood, but I forbore to strike it!" This, and such like other stuff, coupled with gross and malignant attacks upon some of his brother members—with an open avowal that he gloried in, and would, under like circumstances repeat the cowardly and brutal assault which had brought upon him the condemnation of the House—and with as open a declaration that had Mr. Sumner not been taken unawares, or succeeded in getting the better of his assailant, *he would have killed him*—was followed by the announcement that his resignation had been previously sent to South Carolina, whither he would go, for the verdict of his constituents and that he was no longer therefore a member of that House. With that he withdrew, to receive the plaudits of kindred male, and the kisses of sympathising female, acquaintances and associates, who thronged the galleries for that purpose.

The House the next day proceeded with the cases of his two confidants, Keitt and Edmundson, censuring the former but exculpating the latter, from, what I cannot but deem a mistaken and misplaced feeling of magnanimity. Keitt, whose silly head was turned with the unexpected notoriety which men of his calibre so often confound with distinction, thereupon asked that he might address the House the succeeding morning—so as to enable him to follow the example of his principal, and by sending on his resignation that afternoon, announce that he, too, would appeal to his constituents from the censure of the *House*. A second time the same mistake was made, and a more ludicrous exhibition was never seen. The exaggerated gestures, the vulgar accentuation, the blundering emphasis, the rising and dropping of the voice, the grimaces and contortions of face and body—all combined to form a most ridiculous pantomime, of which hardly one word in five could be heard, but which was made still more amusing and irresistible from the ineffable self-satisfaction of the popinjay performer. At the close he strutted out of the Hall, and special elections having been ordered for the 28th, "the two heroes" will await here the arrival of their fresh certificates—and thus save the travelling expenses which would diminish the amount of double mileage they will claim and will receive. The South Carolina, of the Rutledges, the Pinckneys and such other gentlemen of the better days of the Republic would have scouted the cherished representatives of the present degenerate race—a race which bestows upon brutality gold-mounted bludgeons, and coddles cowardice with silver cups!

Beyond the Brook's matter and the disposal of the Illinois contested election case, which resulted in sending both claimant and contestant back to the people, little has been done in the House. The other disputed case, from Nebraska, New Mexico and Kansas, will now be settled as expeditiously as possible, and then, the way being clear of these embarassing clogs to general legislation, the regular business of the Session will be taken up and got through with, so as to warrant an early adjournment, probably by the middle of August.

In the Senate the interminable Naval Bill has at last been disposed of, and with some amendments *recommended alike from policy* and justice, was passed, immediately upon the heels of a violent and denunciatory harrangue from Toombs, of Georgia, with but ten or eleven dissenting votes. This result is in accordance with the predictions made in my letter to the *Sentinel*, though, of course, a great disappointment to parties immediately interested, who had made a canvass of the Senate, and arrived at a very different conclusion.

The Herbert trial, renewed after the failure of the first jury to agree upon a verdict, has exhibited in still stronger and more glaring light, the unfitness of Judge CRAWFORD for the post he holds. Grosser partiality, or more shameful violations of everything like law, in the instructions to the former jury, for instance, or in admitting jurors for the present trial, who owned that they had formed, had expressed, and still adhered to, opinions as to the guilt or innocence of the accused, have never before so stained the judicial ermine. It is impossible that such a case should be passed over without notice, and after the conclusion of the trial, it is altogether probable that articles of impeachment against this profligate Judge will be presented in the House, or a Bill introduced to repeal the law by virtue of which his court is created. Even public sentiment here, dependent as it is upon Government patronage, and biased as it is by the pro-slavery sentiment which surrounds and rules this Capital of a free country, is beginning to experience a salutary change, not so much from any honest convictions that the outrages perpetrated here must and should be duly punished, as from a selfish fear of the effect produced upon the majority of the House of Representatives who control the appropriations upon which the District lives. It is quite time this change should take place, or Washington, like San Francisco, might find occasion for its Vigilance Committee.

The terrible accounts from Kansas which reach here by every mail cannot fail to excite the indignation of all men worthy to be called freemen. An effort was made a day or two ago in the House to carry a resolution calling upon the President for the authority under which Col. Sumner undertook to disperse, at the point of the bayonet, the legislature of Kansas; but objection was made by the poor creature who, by some strange fatuity, occupies a place as one of the Representatives of the city of New York, John Wheeler, and the resolution was withdrawn to be offered and adopted on Monday next. Col. Sumner's report of the transaction it is understood has just been received at the War Department, but nothing has yet transpired as to its character. The dragoon arm of the service generally appears to be in favor now with Secretary Davis, who has broken through the time honored rule under which the *commandant* at West-Point has ever been selected from the Engineer corps, and has appointed Col. W. J. Hardee of the Dragoons—a gallant officer—to replace Major Barnard the present Superintendent.

The annual Light House appropriation bill having been fully reported in the House, I select, from its total of a *million and a quarter*, the following items—of which the appropriation of $5000 for a new light opposite the head of Big Sturgeon Bay, on the west shore of Lake Michigan, is specially due to the intelligent and persistent efforts of your Representative, Charles Billinghurst. His District will be blind to its own interests, as well as to those of the entire State in failing to secure a continuance of the services of such a Representative—for, of him as of his Colleague, C. C. Washburn, it can truly be said that they are working members—never losing, either from lack of attention or want of influence, an opportunity to promote and advance the best interests of Wisconsin.

For rebuilding the Beacon Light at Erie, Pennsylvania,	$5,250
For rebuilding the Beacon Light at Huron, Ohio,	4,580
For rebuilding the Light House at Black River, Ohio,	7,309

Lawrence University, Appleton.

The Lawrence University is an honor to Appleton and to Wisconsin. This institution is a noble structure, with spacious halls and beautiful chapel, and well-fitted rooms for the accommodation of students. Strange that in the short period of three years, such a finished specimen of architecture should emerge from the sombre shades of the forest.

The commencement services have just closed. They occupied three whole days, from 9 o'clock A. M., till 10 o'clock P. M. The examinations, recitations, and exhibitions were highly creditable to the parties concerned, and drew together a large circle of literary and other interested friends, who were highly pleased with the history and scientific progress of the students.

The Examining Committee was composed of Laymen and Ministers, who represented the *Congregationalists, Baptists and Methodists.*

All things connected with the University seem to be managed with great care and consummate prudence. Its tutelage is conducted on broad and liberal principles, while the utmost freedom is granted the students, consistent with good faith, sound morals and religious integrity. Religious services are daily attended in the institution, and the students are required to attend public worship every Sabbath, in one or other of the Churches in the village.

The Professors and Teachers in the University are all men of talent.

The President, Dr. Cook, is very popular, highly gentlemanly in deportment, and of strict unbending integrity. Under such fostering auspices the institution is destined to prosper.

Students attending the University can avail themselves of regular services in the Baptist Church, the Congregational and the Methodist.

Appleton owes much to this institution, which pervades the community with a high-toned intellectual and moral character.

Correspondence of the Sentinel.

Post Office at Horicon—Muzzling the Press.

HORICON, July 25, '56.

MESSRS. EDITORS:—One gun for Buchanan has been fired in our village. Who fired it? The Post Master. Who did it hit? The Horicon *Argus*. How so? I will tell you:

☞ A day or two since our citizens were surprised by the sudden, unexpected and uncalled for removal of the post office from its central location—as to business and the wants of community—to the almost extreme *limit of our village*, thereby discommoding, at least nineteen of our business men and citizens where it better accommodates one. The Post Master had a *right* to move it, the *people* have a right to complain, and they exercise that right and privilege.

The editor of the Horicon Argus—who, by the way, is not altogether lost to a sense of justice and the rights of an intelligent community, by being "tied" to the tail of the so-called Democratic party in "these parts"—thought he had a *right to speak*, and prepared an article for publication. He generously informed the Post Master of his intentions, whereupon that worthy dignitary, in high dudgeon, ordered it withheld, and threatened—to demolish the town?—No!—but to cause the mail service to be reduced to *one mail per week*. Would not that be awful? The power of the post master prevailed; the article was withheld from publication, and our daily mail—not to say the Union—saved.

Is not the press in Horicon muzzled? Is not *the same proscriptive spirit at work here as elsewhere?* Is it not the same overbearing, despotic principle that destroys the printing presses in Kansas, and drives her peaceful, freedom-loving people from their homes? Is it not the same spirit of arrogance and villainy that gloats itself in murder and rapine in that unfortunate land?—Is it not the same *Democratic* spirit that so "eminently" manifests itself in the cowardly assault upon Horace Greeley for daring to write—upon Sumner for presuming to *speak?* Is it not the same spirit of intolerance and despotism that exhibits itself in the murder of Keating?

Follow the chain from (the post office in) Horicon—a place almost unknown beyond the limits of the County—up to the white house at Washington, and you discover the same intolerant, despotic, proscriptive principle at work that characterizes Border Ruffianism generally. But thank God, there is yet hope for our bleeding country—there are men who dare speak—there are presses that dare print, the wrongs and oppressions committed in the name of "Democracy" (?) And may we not hope that the ballot box will speak in November against the gross outrages of the present Administration—the great guns of its officials to the contrary notwithstanding. Aye, we glory in the hope!

Yours for Free Speech, Free Presses and Fremont.

JAKE.

BURLINGAME AND BROOKS.—The following is the brief but suggestive correspondence which passed between Messrs. BROOKS and BURLINGAME:

WASHINGTON July 21, 1856.

SIR—Will you do me the kindness to indicate some place, outside of this district, where it will be convenient to you to negotiate in reference to the difference between us.

Very respectfully, &c.,
P. S. BROOKS.

Hon. A. Burlingame.

WASHINGTON, July 21, 1856.

SIR—Your note of this date was placed in my hands by Gen. Lane this afternoon. In reply, I have to say that I will be at the Clifton House, on the Canada side of the Niagara Falls, on Saturday next, at 12 o'clock, M. to "negotiate" in reference to any "difference between us," which, in your judgment, may require settlement "outside of this District."

I have the honor to be,
Your obedient servant,
A. BURLINGAME.

Hon. P. S. Brooks.

Not liking the place named, nor the terms intimated (rifles at fifty paces) BROOKS *declined* following BURLINGAME to Canada, and the affair was at an end. Gen. LANE, of Oregon, acted for BROOKS, and CHARLES JAMES, of Wisconsin, for Mr. BURLINGAME.

From a Correspondent in Western New York.

Politics in Western New York.

"Politics are assuming, in this part of New York, the same characteristics which marked the extraordinary overthrow of the Democracy in 1837. Democrats—of the leaders of the rank and file—are leaving *the cause of Buchanan* for Fremont, driven off by the platform, just as in that year the 'sub treasury project' alienated so many, as that everywhere the Democrats were defeated. The Democratic leaders who adhere to Mr. Buchanan are the skeletons of their regiments. The intense fatuity which prompted Mr. Buchanan to throw away his personal strength, and declare the contest one of platforms only, and the equally wretched adherence to that individual Brooks, when the party should have helped, with all readiness, to expel him, leaving the issue for his own State, have produced the strange result. All the Counties west of Oneida will give Mr. Buchanan a most cadaverous vote."—*N. Y. Courier and Enquirer.*

This general abandonment of the Buchanan *and pro-slavery Platform* and *candidate* by the Democratic masses in the Empire State, is symptomatic of the result next November throughout the Free North. *Men*, who have any regard for principle, who love Liberty and who desire to see our Union maintained in its integrity and our Republican Institutions preserved unimpaired, will not consent to be harnessed for party's sake, to the sectional car of Pro-Slavery and Sham Democracy. Mr. BUCHANAN, in deliberately merging his personal identity in the Cincinnati platform, *has thrown away his strongest claim to the* suffrages of the American People. Standing upon his own merits he would, no doubt, have commanded a very respectable and possibly triumphant support; but as the self-confessed representative and the ready and willing instrument of the Slavery Propaganda, he deserves nothing from Northern Freemen but rebuke and rejection.

The Struggle for American Freedom.

FROM AN AMERICAN CLERGYMAN IN EUROPE.

To the Editor of the N. Y. Tribune:

SIR: The last steamer brought from Halifax a telegraphic dispatch that the People's Convention has chosen Fremont as the Republican candidate for President. May the next news be that the *Tribune's timely suggestion* of Sumner for Vice-President has been adopted by acclamation.

What a just retribution for all parties would it be to place that head, crowned with the glory of martyrdom for Freedom, as center of order in the very hall where brutal cowardice vainly sought to degrade it, *and by that degradation* to enslave Free Speech. And how would the on-looking world rejoice in this proof, that the people of the United States are roused at length to rescue their Government from the sway of that Oligarchy whose despotic violence has disgraced the Republic in the eyes of all nations.

Looking *from Europe upon the great* struggle now waging in the United States, a lover of our Republic plainly sees that the following measures should be promptly taken and persistently carried out:

1. Kansas must be redeemed to Freedom, and received into the Union as a Free State.
2. The Slave Power must be brought to terms by convincing it, once and forever, that its yoke is broken, and that the Freemen of the Nation can never again be bribed, lured or driven into the least connivance at its schemes of slaveholding aggression.
3. The Freemen of the Slave States must be assured that the Freemen of the North and West will meet them more than half-way in peaceful and practical efforts to remove from the Republic the only source of internal disunion or external discord—Slavery.

The united nation must announce and adopt as its policy, JUSTICE to every person, of every color, class and condition, within its compass; and the first step of this policy is *Co-operation* of the States, of the Central Government, and of private persons, acting severally or unitedly, to establish universal emancipation at the *common cost.*

Who can doubt that the heart of the people of the United States of America is large enough, and their will strong enough, to fulfill this work? Ay! and who can doubt that even now a vast majority are ready for any sacrifice, consistent with right and honor, whereby our Republic may be made that *Union of Freemen* for which duty and destiny designed it, and which the civilized world waits eagerly to see it become?

On this birthday of the nation let every patriot renew his vow of consecration to the Republic in such words as these:

The Union shall be *kept* by making the Union *free*: the UNION OF FREEMEN forever.

As professional duties will prevent my returning home during the season, I wish to share in the struggle according to my means, and therefore inclose, with the request that you will apply them according to your judgment, the following sums:

$20 in aid of Free settlers in Kansas.

$20 for distributing the speeches of W. H. Seward, C. Sumner, H. Wilson, and others.

And now with earnest good-speed for the People's candidate, yours in good hope,

WILLIAM HENRY CHANNING.

Liverpool, July 1, 1856.

⁎ Would to God there were many more ministers of Christianity animated by the same lofty patriotism, and endowed with the same noble heart as our correspondent! If every freedom-loving citizen should give to the good cause according to his means, in the same generous proportion, there would be no lack of money to save Kansas or to circulate among the people the documents necessary to shed a flood of light upon the question now pending before them.

Our correspondent will have seen ere this that Mr. Sumner was not nominated for Vice-President because the *Representatives of Massachusetts* in the Convention would not consent to his withdrawal from the floor of the Senate—a conclusion which could not, indeed, justly be gainsayed.—*N. Y. Tribune.*

Another Murder in Kansas.

The following letter, which we find in the Cincinnati Commercial, explains itself:

BLUFF SPRING, NEAR TECUMSEH, K. T.,
June 24th, 1856.

MR. W. G. SHERWIN—*Dear Sir*:—We take this method of acquainting you with the sad fate of your friend. Yesterday morning, we—my friend Rooks and myself—were going to Tecumseh, but when about eleven miles from the place, we were appalled by the sight of the body of a murdered man, tied firmly to a tree, near the road side. He was tied with his back to the tree, with his hands and feet partially around it. He had been shot just above the left eye, with, we suppose, a rifle ball. A huge hunting knife was sticking in his breast. It had been driven clear through him, and the point was two or three inches in the tree. He was evidently murdered yesterday or day before. There was a toad-stool tied to the handle of the knife, on which the following inscription was written "*Let all those who are going to vote against slavery take warning.*" We went to the nearest house, which was about a mile and a half, and got some help and some tools, and buried him. He was a stranger to all of us, except Mr. More, who says he has been boarding at his house eleven or twelve days. His name was Laben Parker, and came from Cleveland.

He had repeatedly said at the boarding-house that he did not intend to resort to force, but so far as his influence at the polls went, he was going to use it for making Kansas a free State. A company of armed men from South Carolina have been staying around Tecumseh three or four days. A squad of them was down this road yesterday and day before. We don't any of us know where his relations live, but among the papers in his pocket, we find a letter from you, written on the 6th of May, and that is the reason we direct this to you.

Yours, &c.,
MARTIN RULEX,
J. E. MORE,

W. G. SHERWIN,
Dayton, Ohio.

Mr. Sherwin is a quiet, intelligent young man, living in this city, and is now a student of law in the office of C. L. Vallandingham, Esq. He has been known to our citizens for several years, and sustains an unimpeachable character. He states that he wrote a letter to Parker on the 6th of May last, and supposes that his friend has been murdered. He further adds that Mr. Parker's father and mother are dead and that he has a surviving sister living at Cleveland. He has informed her of the fate of her brother.

HARVEST WEEK—CROPS.—This is the first week of harvest, and the weather could hardly be better by any possibility. In this County harvesting has just begun, and the auspices are very good.

The hay crop is generally good, and the weather has been first rate for securing it.

The Winter Wheat is a most excellent crop—not so heavy a crop as has been, but it has ripened excellently and the berry is full and sound.

Spring Wheat will be good, but in some sections the chintz-bug, so called, is working, and doing some damage, but not enough to be disastrous.

Potatoes and Corn look very fine, and indicate a large crop.

Altogether, the prospects for farmers are very good.—*Walworth Co. Reporter, July 25.*

The Crops of 1856.

It is our candid opinion, and it is based upon such information as we are satisfied to rely upon, the present year is one of the most fruitful of the present century. There was a great breadth of land sown to wheat last Fall, and the crop has passed through all the vicissitudes of its growth, and has been harvested and housed with less complaint of injury than ever recollected by us in all the history of wheat culture in America. Hence we have the best reason to believe the present the greatest crop in bushels ever garnered in this country. Of Spring wheat, which is grown in great abundance in Michigan, Wisconsin, Indiana, Illinois, Iowa, and Minnesota, we cannot say as much, because we are aware that the cold, backward Spring prevented seeding and injured the early growth, and since that in some parts of the Spring-wheat region there has prevailed a killing drouth that has injured the crop.

Rye, as a general thing, in districts where it is grown as a crop by almost every farmer, is about as good as could reasonably be desired. We have never seen a better average yield than in several sections of Connecticut.

Oats, we are inclined to think, will prove a lighter crop than any other grain, as they were almost universally late sown, and have made a short growth of straw.

The yield of hay everywhere is not heavy, in fact it is generally light, but it has been very largely secured in the most desirable condition, and will furnish more sustenance than many heavier yields.

Potatoes are everywhere promising, and the early varieties, so far as we have heard, free from disease.

The great staple of America—Indian corn—is still to be spoken of. In the extreme South it is now ripe or ripening, and, in the absence of all complaints of short crops, we take it for granted the crop is a full one. In the Middle and Northern States there has been a good deal of fear expressed that the corn crop would be a failure this year because on the first of July some of it was but just big enough to mark the rows, and the best of it very much behind the times. It is so no longer. Whoever has been out among the farms since the late "corn-growing weather" will bear witness that they never saw a finer promise for a good crop of Indian corn on the 22d day of July than can be seen upon a hundred miles ride in any direction from New York at the present writing. It is almost out of reach of drouth—in fact, quite so, upon deep-plowed, well tilled fields.

Of the fall fruit crop there is, we think, no doubt about a good fair supply all over the country, and in some localities the apples are fair, as well as abundant in quantity.

The dairy product for this year we cannot doubt will be plenty, because we know that up to this time pasturage never was better, and it would take a most remarkable drouth now to cut short the supply. To avoid this, however, as well as to continue the yield of dairy products into winter, we adjure the farmers to sow immense crops of turnips—a crop that costs nothing but the seed—in fact—does not cost that, because the land is so much improved for other crops that it is doubly paid for in that way without harvesting the roots, and a large field of turnips will eke out a scanty fall pasture. Turnips may be sown yet for six weeks, and produce a good crop, and at less cost than any other ever grown.

The crop of beef, pork and mutton, we argue from an almost certain basis, must be an immense one this fall. There has been no drain of cattle from the Mississippi Valley to California, and immense numbers of calves have been growing for two or three years all over the West, because the price has been so high for bullocks that every one has been anxious to raise all they could find, and, consequently the prairies are well stocked with young cattle that will be ready for the corn crop as soon as it is ripe enough to feed. Swine are not quite so plenty as we could desire in all the Eastern States, and for the very reason that old corn is plenty at the West, where pork will be most abundant next Christmas.

Such are some of our views in regard to the products of the land in 1856. Almost universal abundance does and will prevail, and farmers may at once make up their minds to a reduction of prices, under the most favorable circumstances.—*N. Y. Tribune, July 23.*

Letter from Hardscrabble.

Correspondence of the Evening Journal.

HARDSCRABBLE, Onondaga Co., N. Y.,
July 21, 1856.

Crops are looking well here, but we want rain desperate bad. We had a talk about Fremont, down to my store to-day. Snip (you know Snip) says he is a Catholic. He knows it, because he read it in one of your Albany papers—the one that told about the procession of *thirty thousand* men marching to meet Fillmore at the steamboat landing. He says Fremont always puts a cross to the T in his name, and that it is a sure sign, for Bishop Hughes puts one in front of the J in his. Farmer Jenks, who was by, rather doubted it. He said "*he* allers made a cross right in the middle of his name, when anybody writ it for him, and he wa'nt no Catholic." Jones (our postmaster) said, instead of being a Catholic, Fremont was a Know-Nothing, for he had read in the Atlas about his going to the Lodge every Saturday night.—But Snip stuck to it, and said Benton was a Catholic too, for he wanted Congress to abolish *bank bills* and have *a specie currency, just to* bring the old crossed shillings into circulation, and make people take 'em for more than eight cents. Then he asked me if Fremont, having been married by a Romish priest, ought not to be considered a Catholic? I asked him if he, having been married by Squire Bullock, (our principal cattle dealer) did not consider himself a calf? Snip said he hated personalities, and besides it 'twas'nt a parallel case. Says he, "there is an Alderman down to 'York, Alderman Peter Ful—Fum—Funk—yes, Funk that makes affidavy he saw Fremont at the Metropolitan Hotel in 1852, eating broiled mackerel on a Friday.—That's another sure sign.

Here Job Tompkins (who has been to York) struck in. He said he knew Alderman Funk personally. He had been to his watch-store in Chatham street, often. Last time he was down he bought a gold watch of him for five dollars, and the cussed thing turned out not to be worth two cents. *He believed Alderman Peter Funk was a scamp.* As for Snip, who was palavering about Fremont's religion, all Hard-scrabble knew he had not been inside of a church, Catholic or any other, in six years. He offered to bet Snip his watch against a sixpence, that he could not say the Ten Commandments to save his life. Snip took him up, *but on reflection, wouldn't do it*, because, he said, he didn't believe in dragging religion into politics.

Jones said he hadn't got anything against Fremont, but as for Kansas, he didn't believe there was any such place. He said he read the Atlas regular, and it hadn't been mentioned there. He looked in the other *Atlas*, too, (the one his daughter Seraphina Jane studies at school!) and there wasn't no such place put down. I told him Congress had sent a Committee of Investigation out there to find it. But he said that was one of the Journal's lies, for the Atlas hadn't said a word about it.

Do you know anybody down in Washington, by the name of Perrin H. Brown? Jones showed me a letter he got from him yesterday, wanting three dollars to help elect Buchanan. Jones don't know what to do about it. He is afraid of he don't send the money, he'll lose the Post Office; and if he does send it, he'll lose the three dollars; for he mistrusts they must be pretty hard run for money, down there, if they have to come to him for it. The Post Office here is worth about thirty-five dollars a year. Snip has had the promise of it, if Fillmore is elected. If Fremont is elected, he intends to secede from the Union. He is going to draw a chalk mark around the outside of his house, and refuse to pay taxes; according to Fillmore's advice in his Albany speech, "not to submit," &c.

Z.

COL. FREMONT IN CALIFORNIA.—In Bayard Taylor's narrative of his travels in California in 1848, we find the following allusion to Col. Fremont:

"In the morning we went with Lieut. Beale to call upon Col. Fremont, whom we found on the portico of Mr. Cook's house, wearing a sombrero and California jacket, and showing no trace of the terrible hardships he had lately undergone. It may be interesting to the thousands who have followed him, as readers may, on his remarkable journeys and explorations for the past eight years, *to know* that he is a man of about thirty-five years of age; of medium height, and lightly but most compactly knit—in fact, I have seen in no other man, the qualities of lightness, activity, strength and physical endurance in so perfect an equilibrium. His face is rather thin and embrowned by exposure; his nose a bold aquiline, and his eyes deep set and keen as a hawk's.—The rough camp life of many years has lessened in no degree his native refinement of character and polish of manners. A stranger would never suppose him to be the Columbus of our central wilderness, though, when so informed, would believe it without surprise."

LA CROSSE & MILWAUKEE RAILROAD.—The grounds for the depot in this city are graded, and the road-bed for a considerable distance east is ready for the superstructure. Some of our citizens who have been on the line between here and Beaver Dam, report that nearly every section is alive with busy hands, preparing the way and making the path straight for the iron courser. Doubters, who wished the work well but had their misgivings about the company fulfilling their promise to open the road to this city the present year, are now convinced that this is a fixed fact. We have all faith that before the frosts of the coming winter, the whole line from this city to Milwaukee will be in complete running order.—*Badger State*, Portage.

The Medical Department of the State University.

At the recent meeting of the Board of Regents of the State University, in this city, the following chairs were filled in the Medical Department of the University:

Dr. H. Mercer McCabe, Demonstrator of Anatomy.

Dr. Alexander Schue, Professor of the Institutes of Medicine.

Dr. Joseph Hobbins, Professor of Surgery.

Dr. A. L. Castleman resigned the Professorship of the Principles and Practice of Medicine. His reasons for this step were, as stated by himself, that he accepted the *Professorship* at the request of the Chancellor, to assist in the organization of the Medical Department. The remaining chairs being now filled in accordance with the recommendation of a Medical Committee, of which he was Chairman, he done held his position by the appointment of a non-medical Board. His respect for the opinion of his profession in the State, and his belief that they were the proper persons to designate the occupants of medical chairs, made his position a delicate one. He accordingly thought it his duty to resign and to labor in the ranks, until promoted by his profession.

We have not yet learned whether it is proposed to put the Medical Department in practical operation, at an early day, or not. Unless this is the case these appointments are, of course, merely honorary. The University is now thoroughly organized for a course in the ordinary routine of collegiate studies. The sooner it can organize the other departments, and assume the functions of a University, the better.—*Madison Journal.*

A HUMAN LIFE SAVED.

DOWAGIAC, Mich., March 11, 1856.

J. A. RHODES, Esq.—Dear Sir:—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but *thought I must die.* Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says.—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two-thirds of a bottle."

S. M. CONKLIN was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"*I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much if he dare,' &c.*"

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.

WE would recommend our invalid readers to give "*Hoofland's German Bitters*," a trial, as we feel assured a medicine that can produce such evidence as the following, in its favor is no humbug.

J. D. SPRING says:

ROCKPORT, Monroe Co., N. Y., Feb 27, 1853.

"Send me a fresh supply of Bitters immediately. It gives the very best satisfaction. One gentleman had been troubled with Dyspepsia for a long time, and spent the most of last summer at a noted Water Cure establishment, but found no relief whatever, until he used the Bitters. *He is now entirely cured.*"

REV T. P. PFISTER says:

NEW BROOKLYN, N. Y., 1853.

Dr. C. M. Jackson—Dear Sir—I request you to send me by the first opportunity, three bottles of "Hoofland's German Bitters," and I am glad to state that the Bitters have cured different persons of my acquaintance, when physicians' help was without effect, especially in hemorrhoidal cases (bleeding piles,) the effect and cure was sure and certain.

See advertisement.

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe, has ever yet, in any one instance, resisted the all powerful, pain-subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

NO PAIN EXTRACTOR is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 78 Barclay and 222 Greenwich street, New York.

Sold by all Druggists and Medicine Dealers throughout the United States. jy16d1134d&w6m

VOLUME XI. MILWAUKEE DAILY SENTINEL, MONDAY MORNING, JULY 28, 1856. NEW SERIES.

THE DAILY SENTINEL.

Monday Morning, July 28.

CITY MATTERS.

POLICE COURT, JULY 26.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Henry Weldner, convicted of butchering within the city limits, was fined $50; the defendant spoke at some length upon the hardship of the fine, "fifty dollars for killing a calf within the *city limits!* all de rich butchers he kill his shep and things every day in de city, and they don't fine him; but because I is a poor man den dey fine me $50; *it is too hard, it will ruin me to pay $50.*" The defendant was called to order and stopped from farther speaking.

We hope the Common Council will remit a portion of this man's fine, it is too severe; again, it is his first offence, and we believe he is the first butcher that has been prosecuted for the offence in four years.

Ellen Fischer, drunk, sent to jail for two days; Charles Barrier, for being disorderly, sent to jail for 5 days; William Harvey, drunk, 2 days to jail; Andrew Buchanan, (no relation of the candidate for the Presidency) charged with beating his wife, was discharged; it appeared plain that the woman was afraid to testify against him.

STEALING A MANTILLA.—A German girl named Mena Orb was brought round from the Watch House on a charge of stealing from the dwelling house of L. H. Black a silk mantilla, of the value of $15. The prisoner acknowledged her guilt, and in default of $250 bail for her appearance at the Circuit Court was sent to jail.

The girl was convicted of stealing about $20 worth of clothing, April 22d, 1856, and sent to jail for 3 months; after serving her time out in jail, she went to Waukesha and there committed another robbery and was again arrested, but in the end not tried or imprisoned, as the clothing was not brought to this city where she was arrested.

A man named Christian Dietz was tried for an assault and battery and acquitted. Four witnesses were sworn, all for the prosecution, and each gave a totally different version of the affair, which led to the acquittal.

Badger Safe Manufactory.

We saw on Saturday at the La Crosse and Milwaukee R. R. Office two mammoth Safes, manufactured by Messrs BEHLITEN & BRENO, of this city. These safes are each 8 feet high by 4 feet 4 inches wide, and inside 60 inches high, by 42 wide and and 27 deep. One of them, besides being fire-proof, would resist the efforts of any ordinary burglar to open it. The other is perfectly burglar proof, having ¾ inch plough steel and ¾ inch square iron, arranged in diamond form, all round. The cost of the first was about $800 and of the second $1,200. The workmanship is perfect. We never saw closer joints or better locks. The safes are furnished with the celebrated Chubb's locks, and one of them with a *revolving* alphabetical bank lock with some *two million* changes.

Messrs. BEHLITEN & BRENO have now orders for all the safes they have on hand, or in course of construction.—Their business grows beyond their expectations and to meet its increasing demands they are about to erect a three story building, on the river, in the rear of Kneeland's block, East Water street, which will be thirty two by sixty, and provided with a Steam Engine of 12 horse power. In this factory they will employ 40 hands, or more, and hope to keep pace with the demand for their BADGER SAFES. They have already commenced preparations for building. The building and machinery will cost between $5,000 and $6,000.

CONCERT TO-NIGHT—MADAME ABLAMOWICZ.—Madame ABLAMOWICZ gives a second and last Concert, at Young's Hall, *this* evening, assisted by Mademoiselle *Idalie* and "La Petite Maggie;" Mr. Hossan presiding, as before, at the Piano Forte. The programme includes a great variety of Ballad and Operatic Music, in both of which Madame ABLAMOWICZ excels. Her rendering of "Annie Laurie" and "McGregor's Gathering," on Friday evening, was perfect and deserved the enthusiastic encore which they received. As this is her last appearance in our city and the entertainment offered is a very attractive one, we hope to see her greeted with a full house. *Her* daughter and her youthful pupil may also fairly claim a substantial compliment at the hands of our music-loving citizens.

NEW PUBLICATION.—We are indebted to J. A. HALL & Co., for a copy of "the Life of J. C. Fremont, and his narrative of explorations and adventures in Kansas, Nebraska and California." This is a volume of 500 pages, carefully compiled from the best sources and published by Miller, Orton & Mulligan, New York and Auburn. It is a most graphic and interesting story and should be read by every American, for it portrays the career of a poor, friendless orphan boy who carved out, for himself, a brilliant pathway to fame and fortune, and now stands before his country men as a worthy candidate for the highest of office in their gift.

We are also indebted to Hall & Co., for a copy of the "Republican Campaign Songster," price $1.00 per dozen.

MEETING OF THE FREMONT CLUB.—A business meeting of the Fremont Club was held Saturday evening, Ald. PRENTISS in the Chair. Measures were adopted for the efficient organization of the Club and for increasing its means of usefulness. Brief addresses were made by Messrs FINCH, CROCKER, DIEDRICHS, ENGLEMANN and others. On motion of BYRON PAINE, a committee of three was appointed to wait upon the officers of the BUCHANAN Club, and invite a discussion of the questions at issue.

The Chair appointed Messrs PAINE, CROCKER & PALMER, the Committee. Adjourned to Saturday next.

BURGLARY AND LARCENY.—A house on East Water Street, below Detroit, in which the Panorama is on exhibition, was broken into on Friday night, and a gold watch and chain, together with a quantity of jewelry, stolen. Two men were arrested by the Police, on suspicion, one of them having been seen to leave the premises very early on Saturday morning.

The two men were arrested by Policemen Garlick and Meyers, who succeeded in finding the stolen property in the place where the thieves had hid it. They will probably be examined to-day.

FIRST NEW WHEAT.—We saw, yesterday, a very fine sample of Winter Wheat, of the new crop of our State. It was consigned to Smyth & Holmes, Produce Dealers, of this city, from Messrs. Kellogg & Cotton, of Oconomowoc. If this be a fair average of our winter wheat, this year, Wisconsin can safely brag on it. The asking price for this wheat was $1,85 per bushel. Messrs. Storrs & Nute also had a consignment of Winter Wheat, Saturday, from Janesville, Rock County.

SODA FOUNTAIN.—Mr. ALCOTT, opposite the *Sentinel* office, in his tastily fitted up Drug Store, has a SODA FOUNTAIN, on the same plan as the celebrated one of Rushton & Aspinwall's, in the Astor House, in Broadway, New York, with every kind of syrup. At this season of the year, a draught of this sparkling and effervescing Soda Water is the most delicious and healthy beverage known.

INQUESTS.—"An Every Day Reader" sends us a communication reflecting *severely upon the neglect of* the proper Officers in our City and County to hold inquests in cases of accidental, or violent deaths. The omission has struck us as very singular, but we are told by a Justice of the Peace that the statutes of Wisconsin only authorise the holding an inquest where the magistrate has reason to suspect foul play.

COWHIDING.—There was quite an excitement, in the neighborhood of the Walker House, Saturday afternoon, caused by a scuffle and attempt at cowhiding between a man and his wife, of the one part, and another man, as party of the second part. It grew out of some business dispute, or difficulty. No material damage done

BATHING IN THE LAKE.—We have been requested to call the attention of the Police to a number of men, who are in the habit of bathing in the Lake, at the foot of Mason, Oneida, Wisconsin, and other streets, in the day time, in violation of decency, if not of the city ordinance.

NEW SCHOONER.—The new schooner, launched from Jones' Ship Yard on Friday, is about 160 tons burthen, named the *Brilliant*, and belongs to Captains Jones and Randolph. She is to run in the Lumber Trade.

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S

Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz: Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest.—Therefore it forms a good walk on piazza's, flat roofs, car tops steamboat decks, &c. Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky-lights and chimneys, and for lining eave troughs, &c.

This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.

The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms.

For further information apply at the office of the subscribers, Architectural room of Mygatt & Schmidtner, corner West Water and Spring streets, or to J. Y. Cheney, one of the proprietors, No. 4 Market Square.

Valuable Stone Quarry for Sale.

THE undersigned are desirous of disposing of their valuable Stone Quarry, containing twenty or twenty-five acres of land, situated about one and a half miles from the city of Milwaukee, on the Milwaukee & Watertown Plank Road and the Milwaukee & Mississippi R. R.

This Stone Quarry contains an amount of stone sufficient to supply the city of Milwaukee with foundations and stone suitable for cutting, in courses from two and a half inches to twenty-four inches, for centuries to come.

It is considered by competent judges to be the best Quarry in the State of Wisconsin.

We have tested some of our stone, and have become satisfied that they will make the best quality of Water Lime.

We also have a valuable Water Power adjoining the Stone Quarry, on the Menomonee River, with one of the best stone dams in the State, which we will sell with the Stone Quarry, if desired.

For capitalists and men wishing to engage in active business, this is a rare chance for speculation.

REAL ESTATE.

Wholesale Business Men, Capitalists —AND— SPECULATORS, ATTENTION!!!

EIGHT COUNTRY SEATS, of 20 acres adjoining each other, within one mile of the city limits for sale. A golden opportunity for a profitable investment.

Having determined to retire from the profession, and remove from the State, I now offer for sale my homestead of 160 acres, one mile north of the city limits and 3½ miles from the Walker's Point bridge. It is situated upon four corners and hence has a

MILE OF ROAD AROUND IT,

And cutting it up into eight lots of twenty acres each with equal fronts upon the road, will give 8 magnificent country seats upon the whole of two roads, or four residences upon each road, with forty rods front to each residence, from all of which when the intervening timber is removed the City and Lake will both be in view.

The farm has ever been esteemed the best of its size in Milwaukie County. It is a warm, rich gravel loam especially adapted to fruit and vegetables, and may be divided into four Farms of forty acres each, in a square form and have living and durable water upon each forty acres and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation, (one half thereof in meadow,) with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins to be occupied and a well finished frame barn 40 by 44 feet and upon the premises. A thrifty young orchard of [illegible].

NINETY ACRES OF THE FARM
IS STILL COVERED WITH A
Heavy Growth of Uncullled Timber,

two thirds of which is sugar maple interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber) and half a dozen black walnut trees all now worth $15 per tree standing on the ground.

The timber alone upon the farm is estimated to be worth for cord wood only over $10,000.

Having owned this farm some ten years and during a portion of that time cultivated it with my own hands and having designed it as my home ahead, I am unwilling even now though I have made up my mind to sell it to break it up and sell in parcels. To one or eight or more, I will sell all at once, for such price as will make it the best purchase that has been made near or in Milwaukie, within the last two years.

Famous Chance for a New Comer or an Old Settler!

VALUABLE FARM AND WATER POWER for sale. I will sell one of the best farms in the State, with a moderate cash payment and on easy terms, or exchange same for city property.

Said farm is situated 20 miles from Milwaukee, on a Plank Road, and 3 miles from a depot on the Milwaukee and Mississippi Railroad, and comprises 380 acres of which 200 acres are fenced, improved, and partly cropped. There are on said farm one frame house, one log house, one large frame barn and any number of sheds, &c.; a fine orchard, beautiful springs and a running stream with a considerable fall, the dam is built and a large portion of timber collected on the spot for the erection of a mill, which in that neighborhood would prove a largely paying investment. The property is owned jointly by two parties who are desirous of dividing and settling up their joint interests and for this reason offers a rare chance for an enterprising man to make a good strike.

TO THE MILLION!
READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1852.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING.

A gentleman of Boston writes to his friends in New Bedford, thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

Yours, &c.
July 1, 1854.

GARDINER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY.

ST. LOUIS, March 1, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLIAMSON,
133 Second Street.

ST. LOUIS, June 23, 1853.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,
H. L. STEWART.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

F. M. LANE'S PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for in- and outdoor work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate color with which it is combined.

Also Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

PINNEY YOUNGS' PATENT SAWING MACHINES.
PATENTED JANUARY 30, 1855.

THESE CELEBRATED SIDING MACHINES are the only Machines that do or can cut both ways and thus avoid loss of time in gigging back. They cut with ease, when properly attended, Fifteen Hundred Feet per Hour. They are not more complicated, nor more likely to get out of repair, than any other Siding Machine. A Machine on this plan for sawing wide lumber in connection with an upright saw for slabbing the logs, will excel anything in existence. We have sold a large number of the Siding Machines, all of which have given the most perfect satisfaction. They are

MANUFACTURED ON THE WATER POWER, IN THE CITY OF MILWAUKEE,

Under the supervision of the Inventor, where Machines may be obtained, on application to
PINNEY YOUNGS & CO.

We subjoin the following Testimonials of the estimation they are held in by purchasers.

MANISTEE, MICHIGAN, October 1st, 1855.
PINNEY YOUNGS & CO.

Gentlemen:—In answer to your inquiry as to how I am pleased with the Siding Machine of Pinney Youngs' Patent you sold me, I can truly say it is better than recommended. It far exceeds my expectations. To give you an idea of what can be done with it, I will give you an account of a few hours sawing. He cut out in four hours and twenty minutes, Eight Thousand Nine Hundred and Sixty Feet of Lumber, superficial measure, and that in the most perfect manner.

Yours truly,
(Signed) SAMUEL POTTER.

MILWAUKEE, March 26th 1856.

We have one of "Pinney Young's Patent Sawing Machines" in operation, and would say that it is all that it is represented to be, and gives perfect satisfaction.
